

# MEDIA AND INFORMATION LITERACY AND DIGITAL COMPETENCES ENHANCEMENT FOR ACTIVE AGEING

Newsletter 3, September 2023

## PROJECT UPDATE

The MILEAGE project is moving forward finalizing the last results. The partners are currently translating the Risk scenarios and micro-learning lessons to be ready and move forward with the piloting sessions with adult educators and seniors. The consortium is also finalizing the MILEAGE Handbook for Educators.

## PROJECT ACTIVITIES

The Cypriot project partner, CARDET hosted the project partners in Nicosia on the 08th of September 2023. Numerous managerial and content issues were discussed by the consortium, which permitted us to move forward with the development and finalization of the material. We would like to thank the Cyprus team for a wonderful meeting organization that reinforced the final consortium meeting.

Find us on Facebook and stay up – to day with our progress!
